FROM: Alemseged Mesfin, Chairman of DASNA

TO: Independent Audit Commission

DATE: July 5, 2010

RE: Appreciation of Excellences

On behalf of the former board and the new elected board, I want to take a moment to recognize and give my appreciation to the Audit Commission for conducting a successful election process. Furthermore, the Audit Commission was objective and clear of any prejudices and preconceived positions.

Secondly, the Audit Commission presented a well written comprehensive report that summarized the entire year. Within the report, the Audit Commission presented their investigations of the Board Wins and opportunities. The Board acknowledged Audit Commission findings and accepted their recommendations to improve and build a stronger and healthier Development Association of Shire in North America in every chapter within every state.

Last but not least, I look forward to working with the new elected Board members addressing the concerns of DASNA and to continue to serve the need of our members locally and aboard. Furthermore, I thank the board representatives' from each state for nominating me and for having the confidence in me to lead this fine organization that's close and dear to my heart, as the Chairman of DASNA.

Respectfully,

Alemseged Mesfin

Alemseged Mesfin, Chairman of DASNA
