DASNA Sends Condolences in Response to Terrorist Attack in Adi-Daero, Tigray

The Development Association of Shire in North America (DASNA) condemns the terrorist acts in the town of Adi-Daero, Tigray. These terrible acts brought the end to five lives and wounded twenty members of our people. We would like to send our condolences to the families who have lost loved ones and pray for those wounded.

The DASNA has previously carried out small-scaled projects in the town of Adi-Daero, and is the area in which a lot of development activities are taking place. Terrorist attacks of this measure slow down the progress of development, endanger the lives of many, and bring a negative view to North-western part of Tigray. With this being said DASNA would still like to continue to with the development and lend a helping hand wherever it is needed.

Finally, The Development Association of Shire in North America (DASNA) on behalf of its members and supporters, we ask the Ethiopian government to prosecute the people behind these devious acts and bring them to justice.

Peace and blessings for the people of Ethiopia!!

Development Association of Shire in North America (DASNA)
